

Korean added to suite of languages supported by Transforming Practice in Language Teaching (TPLT)

The TPLT team has been preparing for Korean's inclusion in this Ministry funded programme of support for teachers of languages.

Language Study coordinator Janelle Wood took part

in the inaugural NZ Korean Study Tour organised by the Korean Education Centre.

National Coordinator Nathalie Bourneville took part in a workshop in Korea organised by Asia NZ Foundation, Australia's Asia Education Foundation and Korea Foundation.

Korean expert Hyun-Joo Kim has adapted resources and taught these two team leaders Korean.

For anyone planning to teach Korean, the 2018 TPLT opportunity is not to be missed. Being part of a wide group of reflective teachers is one of its many benefits for teachers of Chinese, French, German, Japanese, Spanish, Pasifika languages and now Korean.
